

E-learning

Level 2 Certificate in Warehousing and Storage e-Learning Course

Highfield e-learning has worked closely with some of the leading subject matter experts in the logistics sector to provide an innovative, multi-device e-learning course. This course has been endorsed by Highfield Qualifications – the UK's leading awarding organisation for compliance, work-based learning and apprenticeship qualifications.

Who is it for?

This course is suitable for learners looking to work in the logistics sector, in particular within a warehousing environment.

What does it cover?

This course covers the underpinning knowledge of the two mandatory units and one optional unit of the Level 2 Certificate in Warehousing and Storage. The units covered include:

- Health, Safety and Security at Work
- Develop Effective Working Relationships with Colleagues in Logistics Operations
- Keep Work Areas Clean in Logistics Operations

What will learners achieve?

The course allows learners to meet the required knowledge-based assessment criteria for each of the three units included. Please note, the e-learning course alone does not lead to a regulated qualification. Learners wishing to achieve the qualification are required to take the formal assessment. Learners will receive a Highfield Qualifications endorsed certificate upon completion of this course..

Features of the course

- Interactive exercises/gaming
- Media-rich content
- Interactive 3D scenarios
- Content provided by market leading experts
- Multi-generational content and style
- Relevant photography and illustrations

What next?

If you'd like to provide your learners with this e-learning package, simply contact us directly on 01329 242427/6 or email us at train@hampshirechamber.co.uk

Courses are delivered in association with Highfield eLearning. The course has been endorsed by Highfield Qualifications, the UK and Middle East's leading awarding organisation for compliance qualifications.
