

## e-learning

# Level 1 Health and Safety

This course is an e-learning course that is ideal for those learners taking a level 1 health and safety qualification. The course is also ideal for those staff undergoing induction and awareness training. The unique e-learning Management System gives the ability to monitor, manage and record training activity. Successful delegates will achieve a Level 1 Award in Health and Safety.

### What does it cover?

The eight self-contained training modules included in this course cover the key syllabus of Level 1 Health and Safety qualifications.

These modules include:

- Accidents including slips, trips and falls
- Legal responsibilities
- Hazardous substances (COSHH)
- Workplace health, safety and welfare
- Work equipment
- Fire
- First aid
- Manual handling

### What will learners achieve?

Those taking this e-learning course will engage in approximately three guided learning hours of training. Their knowledge will also be tested by 24 multiple-choice questions, spread across the eight modules. In addition to this, learners will also receive a Health and Safety encyclopaedia, help pages, and a comprehensive health and safety glossary. On completion of the course, the system produces a personalised HABC-commended certificate.
